

# Service Presentation Board Rubric

## Confirmation 2018

Although we are not requiring candidates to keep track of service hours, we are asking they do some form of service and share with staff, catechists, their families, and peers what they did for their service experience. Each candidate should create a “science fair” trifold communicating their experience.

Trifold needs to include:

- Some Imagery – a picture, drawing, sculpture, etc. of what you did for your service experience
- Title

Please answer the following questions on your trifold. Please use complete sentences and restate the question in your response so your audience knows what you are referencing.

- Describe your experience.
- How did this experience impact you?
- Where did you see Jesus in this experience?
- How are you going to continue living a life of service as a fully initiated member of the Catholic Church?
- Any additional comments, feelings, stories, or observations from your experience.
